

Meditation Action on the Democratic Convention in Wells Fargo Center in Philadelphia 2016

Invoking the Energy of Synthesis:

Alignment

Focus in the Cave.

Take a deep breath align the vehicles and dedicate them to the service of the Plan.

Link the three heart centers into a unified field of golden light. It is essential that this work be carried forward from and through a heart focused mind.

Invoke and bring the three-part Soul (Super Conscious, Self-conscious and sub-conscious) into the unified coherent field of Light within Heart Field.

Link the heart fields of the group into a unified whole.

Link with the Ashram of Synthesis.

See the three Masters, M, D.K. and R, standing in a field of Blue Fire. Name and link with each one.

Link with the Higher Triangle of the Christ, the Avatar of Synthesis and the Planetary Logos. For the purpose of bringing the actions of the Democratic Convention into right relation with the Divine Plan, we Invoke and stand receptive to the energy of Synthesis.

Reception

Stand in the Silence, 2-3 minutes receptive to the Inflow of the Synthesis Energy
“The Synthesis Energy will be released in exact proportion to the *group* power potential in service” ***Ashramic Projections P. 175***

Distribution

Focused on the threshold of the Ashram of Synthesis in the Center of All Love, turn the attention toward the Wells Fargo Convention Center.

Visualize the building and then the arena (the provided photos) in the Wells Fargo Center in which the Democratic Convention is meeting.

Consciously direct the focused Synthesis energy through the roof, into the arena. See the energy as a pillar of pure coherent Light piercing the ceiling of the arena and filling the entire space with White Light. Then see the Light collect it's self into a

radiant Torus of synthesis energy that fills the room sweeping all up into its central synthesizing vortex.

Hold this vision for up to 3 minutes.

Focus again on threshold of the Ashram and see the synthesizing torus of Light maintaining its presence and function within the room.

Reenergizing

Once the Synthesis energy torus has been established it can be reenergized at any time simply by bringing the vision of the torus in the Wells Fargo Arena into the mind's eye and refreshing the link between the Higher Triangle of the Christ, the Avatar of Synthesis and the Planetary Logos and the torus field in the convention center.

The images below are the Wells Fargo Center in Philadelphia
The second image is the inside of the arena set up for some kind of sport event. See, visualize the work to be done occurring in the center of the arena. The living torus of synthesis energy is seen as a radiant torus field near the top of the image.
